

The Simons Foundation Autism Research Initiative (SFARI) has launched a landmark genetic autism research project in the U.S. called SPARK. The mission of SPARK is simple: to speed up research and advance our understanding of autism to help improve lives. By participating in SPARK, you will help shape the future of autism research! MUSC is proud to partner with the Center for Developmental Services to hold a SPARK for Autism enrollment event in your area!

Thursday,
June 27th

SOS Healthcare –
Georgetown

4:30 pm –
6 pm
